### **Bridgenet Solutions Secures RM80M from AmBank Group to Accelerate Expansion**

AmBank Group has announced the signing of an RM80 million Supply Chain Financing Facility with Bridgenet Solutions Sdn Bhd, a subsidiary of CelcomDigi Group. This strategic move aligns with the Group's ambition to expand its enterprise segment by offering integrated cybersecurity, ICT solutions and Cloud Solutions.

Founded in 2003, Bridgenet Solutions began as a network security provider, offering firewall and connectivity solutions with 24/7 support. Over the years, it has evolved into a full-spectrum ICT provider, delivering end-to-end solutions across network, security, systems, and cloud infrastructure. In 2025, Bridgenet is recognized as a Comprehensive Managed Security Service Provider (MSSP), operating a fully functional Security Operations Center (SOC) and enabling enterprises with cloud, AI, and 5G innovations.

Over the years, Bridgenet has established strategic partnerships with global technology leaders and many others to accelerate its growth trajectory and reinforce its position as a fast-scaling tech player in Malaysia.

By leveraging AmBank's Supply Chain Financing facility, Bridgenet is able to secure a steady and sustainable income stream from customer onboarding through to final collection. As a result, Bridgenet is well-positioned to scale its operations efficiently—bringing the company closer to their goal of becoming Malaysia's largest ICT provider by 2027
