

Token Login Guide

This is how your token looks like. Steps shown in this guide shall be based on this token layout.

Step #	As shown on Token's Display Screen	Description
Step 1		Press 'ON' for 2 seconds until 'SELECT' appears on screen.
Step 2		Press '1' to start the Challenge Response module.
Step 3		Enter your 6-digit PIN and press 'OK'. 8 dashes will appear on screen.
Step 4	<p>The screenshot shows the AmBank login page with fields for Login ID, Challenge, and Response. The Challenge field contains '28681304'. An arrow points from this field to the token display, which shows the number '28681304'.</p>	Enter the 8-digit Challenge number displayed on AmBank's Corporate Internet Banking login page and press 'OK'.
Step 5	<p>The token display shows the number '46609931'. An arrow points from this display to the login page screenshot, where the Response field now contains '46609931'.</p>	Your token will display the 8-digit Response Code. Enter the Response Code at the Response Field of the login page.
Step 6	Press to switch off your token.
