The above price matrix indicates where the market maker's bid price is likely but not necessarily will be on the warrant, based on various price points in the underlying equity. Before investing in the structured warrants, you should consider carefully the risk factors and other information contained in the base prospectus as well as the risk factors and other relevant information contained in the term sheet. Please refer to the important disclaimers on the last page.

The above price matrix indicates where the market maker's bid price is likely but not necessarily will be on the warrant, based on various price points in the underlying equity. Before investing in the structured warrants, you should consider carefully the risk factors and other information contained in the base prospectus as well as the risk factors and other relevant information contained in the term sheet.

Please refer to the important disclaimers on the last page.

The above price matrix indicates where the market maker's bid price is likely but not necessarily will be on the warrant, based on various price points in the underlying equity. Before investing in the structured warrants, you should consider carefully the risk factors and other information contained in the base prospectus as well as the risk factors and other relevant information contained in the term sheet.

Please refer to the important disclaimers on the last page.

The above price matrix indicates where the market maker's bid price is likely but not necessarily will be on the warrant, based on various price points in the underlying equity. Before investing in the structured warrants, you should consider carefully the risk factors and other information contained in the base prospectus as well as the risk factors and other relevant information contained in the term sheet.

Please refer to the important disclaimers on the last page.

The above price matrix indicates where the market maker's bid price is likely but not necessarily will be on the warrant, based on various price points in the underlying equity. Before investing in the structured warrants, you should consider carefully the risk factors and other information contained in the base prospectus as well as the risk factors and other relevant information contained in the term sheet.

Please refer to the important disclaimers on the last page.

The above price matrix indicates where the market maker's bid price is likely but not necessarily will be on the warrant, based on various price points in the underlying equity. Before investing in the structured warrants, you should consider carefully the risk factors and other information contained in the base prospectus as well as the risk factors and other relevant information contained in the term sheet.

The above price matrix indicates where the market maker's bid price is likely but not necessarily will be on the warrant, based on various price points in the underlying equity. Before investing in the structured warrants, you should consider carefully the risk factors and other information contained in the base prospectus as well as the risk factors and other relevant information contained in the term sheet.

Please refer to the important disclaimers on the last page.

The above price matrix indicates where the market maker's bid price is likely but not necessarily will be on the warrant, based on various price points in the underlying equity. Before investing in the structured warrants, you should consider carefully the risk factors and other information contained in the base prospectus as well as the risk factors and other relevant information contained in the term sheet.

Please refer to the important disclaimers on the last page.

The above price matrix indicates where the market maker's bid price is likely but not necessarily will be on the warrant, based on various price points in the underlying equity. Before investing in the structured warrants, you should consider carefully the risk factors and other information contained in the base prospectus as well as the risk factors and other relevant information contained in the term sheet.

Please refer to the important disclaimers on the last page.

The price matrix indicates where the market maker's bid price is likely but not necessarily will be on the warrant, based on various price points in the underlying equity.

BEFORE INVESTING IN THE STRUCTURED WARRANTS, YOU SHOULD CONSIDER CAREFULLY THE RISK FACTORS AND OTHER INFORMATION CONTAINED IN THE BASE PROSPECTUS AS WELL AS THE RISK FACTORS AND OTHER RELEVANT INFORMATION CONTAINED ELSEWHERE IN THE TERM SHEET.

1. The warrant prices displayed are indicative only and may not be reflective of the actual market price of the warrants on the date specified therein. Warrant prices fluctuate from time to time due to economic factors and market sentiments and there is no guarantee of returns on the warrants. The actual price of the warrants can be different from the indicative prices displayed on this website. Although AmBank (M) Berhad ("AmBank") acts as market maker for the warrants, AmBank reserves the right not to provide bid and offer quotes or respond to a request for quotes, in the circumstances specified in the base prospectus for the warrant.
2. The actual prices of the warrants may be different from the indicative prices displayed due to factors such as:
 - a. the liquidity and the volatility of the warrant and the underlying equity as well as the relevant market conditions;
 - b. the buying and selling of the warrant that is driven by supply and demand in the market;
 - c. the various rights of the underlying equity and other factors that are beyond the control of AmBank as an issuer as well as market maker.

Investors should assess all information relevant to an investment carefully and thoroughly before making any investment decisions.

3. Suspension of trading in the underlying equity: If the trading in any of the underlying equity is suspended, then trading in the warrant may be suspended for a similar period. In such situations, the price matrix would no longer be relevant.

4. The warrant price is provided for your personal use and is intended for information purposes only and does not constitute an offer, a solicitation, an advice, a recommendation or an indication to buy or sell the underlying equity or warrant. AmBank shall not be liable for the accuracy or completeness of any information or for any loss or damage however caused arising in connection with any information, including without limitation any direct, indirect, special or consequential loss and loss of profits whether in part or in full.

5. AmBank will not be providing the Price Matrix for warrants five (5) days before the warrant's expiry date.
