To: The Shareholders of AMMB Holdings Berhad

Dear Sir/Madam,

PROPOSED RENEWAL OF THE AUTHORITY FOR AMMB HOLDINGS BERHAD TO PURCHASE UP TO 3% OF ITS TOTAL NUMBER OF ISSUED SHARES ("PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY")

1. INTRODUCTION

On 4 June 2020, the Company announced its intention to seek the approval of its shareholders for the Proposed Renewal of Share Buy-Back Authority at the 29th AGM of the Company.

The purpose of this Statement is to provide you with the relevant information on the Proposed Renewal of Share Buy-Back Authority as well as to set out the recommendation of the Board and to seek your approval for the resolution to be tabled at the 29th AGM of the Company to be held on 27 August 2020. The extract of the Notice of the 29th AGM that relates to the Proposed Renewal of Share Buy-Back Authority is set out in Appendix I.

YOU ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS STATEMENT BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY.

2. DETAILS OF THE PROPOSED RENEWAL OF SHARE BUY-BACK AUTHORITY

The Company is seeking your approval for renewal of the authority to allow the Company to purchase up to three percent (3%) of its total number of issued shares at any point in time, subject to compliance with Section 127 of the Act, Chapter 12 of the Listing Requirements, the Code and any Prevailing Laws at the time of purchase(s).

The maximum aggregate number of shares which may be purchased by the Company shall not exceed three percent (3%) of the total number of issued shares at any point in time.

As at the LPD, the total number of issued shares of the Company stood at 3,014,184,844 shares. Hence, subject to your approval, we may purchase up to 90,425,545 shares (inclusive of 5,388,800 shares that have been purchased and retained as treasury shares) pursuant to the Proposed Share Buy-Back, representing three percent (3%) of the total number of issued shares.

The purchase of shares under the Proposed Renewal of Share Buy-Back Authority will be carried out through Bursa Securities via stockbroker(s) appointed by our Board.

Your authority for the Proposed Renewal of Share Buy-Back Authority, if renewed, will be effective upon the passing of the ordinary resolution for the Proposed Renewal of Share Buy-Back Authority at our forthcoming AGM to be convened until:

- (a) the conclusion of our Thirtieth ("30th") AGM, at which time the authority shall lapse unless by ordinary resolution passed at the 30th AGM, the authority is renewed, either unconditionally or subject to conditions;
- (b) the expiration of the period within which the 30th AGM is required by law to be held; or
- (c) the authority is revoked or varied by an ordinary resolution passed by you at a general meeting,

whichever is the earlier.

Your approval for the Proposed Renewal of Share Buy-Back Authority does not impose an obligation on the Company to purchase its shares. However, it will allow the Board to exercise the power of the Company to purchase shares at any time within the abovementioned time period.

2.1 Source of funds

Paragraph 12.10(1) of the Listing Requirements stipulates that the Proposed Share Buy-Back must be made wholly out of the retained profits of the Company. We intend to use internally generated funds to finance the Proposed Share Buy-Back subject to compliance with Section 127 of the Act and any Prevailing Laws at the time of the purchase. Notwithstanding this, in the event the Proposed Share Buy-Back (or any part of it) is to be financed through external borrowings, the Board will ensure that we have sufficient funds to repay such external borrowings.

The Proposed Share Buy-Back is not expected to have a material impact on the cashflow position of the Company. In addition, the Board will ensure that the Company satisfies the solvency test as stated in Section 112(2) of the Act before implementing the Proposed Share Buy-Back.

Based on the audited consolidated financial statements of the Company for the financial year ended 31 March 2020, the retained profits of the Company is approximately RM4.3 billion. The Board shall ensure that the maximum funds to be utilised for the Proposed Share Buy-Back shall not exceed the aggregate of the retained profits of the Company.

The actual number of shares to be purchased, and the timing of such purchases will depend on, amongst others, the market conditions and sentiments of the stock market as well as our financial resources and retained profits.

2.2 Treatment of Purchased Shares

In accordance with Section 127(4) of the Act, we would be able to deal with any shares so purchased by us in the following manner:

- (a) cancel the shares so purchased;
- (b) retain the shares so purchased as treasury shares; or
- (c) a combination of (a) and (b) above.

The decision whether to retain the Purchased Shares as treasury shares or to cancel the Purchased Shares or a combination of both, will be made by the Board at the appropriate time subject to our compliance with the Prevailing Laws.

Accordingly, based on Section 127(7) of the Act subject to our compliance with the Prevailing Laws, where such shares are held as treasury shares, the Directors may, at their discretion:

- (a) distribute any or all of the shares as dividends to our shareholders, such dividends to be known as 'shares dividends';
- (b) resell any or all of the shares in accordance with the relevant rules of Bursa Securities;
- (c) transfer any or all of the shares for the purposes of or under the ESS and any other employees' share scheme which we may establish in the future;
- (d) transfer any or all of the shares as purchase consideration;
- (e) cancel any or all of the shares; or
- (f) sell, transfer or otherwise use any or all of the shares for such other purposes as the Minister may by order prescribe.

If such Purchased Shares are held as treasury shares, the rights attaching to them in relation to voting, dividends and participation in any other distribution or otherwise would be suspended and the treasury shares would not be taken into account in calculating the number or percentage of shares or a class of shares in our Company for any purposes including the determination of substantial shareholdings, take-overs, notices, the requisition of meetings, the quorum for meetings and the result of a vote on resolution(s) at meetings.

2.3 Purchase/Resale/Transfer Price

Pursuant to the Listing Requirements, the purchase price of the shares cannot be more than fifteen percent (15%) above the five (5)-Market Day VWAP of shares immediately prior to the date of any purchase(s).

In the case of a resale or transfer of Purchased Shares, the Purchased Shares may be resold or transferred on Bursa Securities at a price,:

- (a) not less than the five (5)-Market Day VWAP of the shares immediately prior to the resale or transfer; or
- (b) at a discount of not more than five percent (5%) to the five (5)-Market Day VWAP of the shares immediately prior to the resale or transfer provided that:
 - (i) the resale or transfer takes place no earlier than thirty (30) days from the date of purchase; and
 - (ii) the resale or transfer price is not less than the cost of purchase of shares being resold or transferred.

2.4 Public shareholding spread

The Board undertakes that the Proposed Share Buy-Back will be implemented in accordance with the Prevailing Laws at the time of the purchase including compliance with the 25% public shareholding spread as required under paragraph 8.02(1) of the Listing Requirements or such other percentage as approved by Bursa Securities.

Based on the Record of Depositors of the Company as at LPD, the public shareholding spread was 63.24% of the total number of issued shares (which exclude 5,388,800 shares that have been purchased and retained as treasury shares). Assuming that the Proposed Share Buy-Back is implemented in full and all the shares so purchased (and assuming all shares so purchased

are from public shareholders in the market) are thereafter cancelled, the public shareholding spread of the Company is expected to reduce to 62.1%.

In implementing the Proposed Share Buy-Back, the Company will be mindful in ensuring that the minimum public shareholding spread of twenty-five percent (25%) is met and maintained.

2.5 Implications of the Code

As at the LPD and based on the Company's Register of Substantial Shareholders, the provisions on mandatory takeovers under the Code will not be triggered by any of our shareholders solely by reason of the Proposed Renewal of Share Buy-Back Authority being carried out in full.

3. RATIONALE

The Proposed Renewal of Share Buy-Back Authority, if implemented, will enable the Company to utilise its surplus financial resources more efficiently to purchase its own shares to be dealt with in the manner set out in Section 2.2 of this Statement.

The Purchased Shares, whether to be held as treasury shares or subsequently cancelled, will effectively reduce the number of shares carrying voting rights. Therefore, you may enjoy an increase in the value of your investment in us due to the increase in our EPS.

The Purchased Shares can be held as treasury shares to be transferred for the purpose of or under the ESS or any other employees' share scheme to be established by us or resold on Bursa Securities at a higher price with the intention of realising potential gain without affecting our total issued share capital. Should any treasury shares be distributed as share dividends, this would also serve to reward you.

Please refer to Section 4 below for the potential advantages and disadvantages of the Proposed Renewal of Share Buy-Back Authority.

4. POTENTIAL ADVANTAGES AND DISADVANTAGES OF THE PROPOSED SHARE BUY-BACK

4.1 Potential advantages

The potential advantages of the Proposed Share Buy-Back are as follows:

- (a) enable the Company to utilise its financial resources more efficiently especially where there is no immediate use and it may also strengthen the consolidated EPS of the Group;
- (b) provide the Company with opportunities for potential gains if the Purchased Shares which are retained as treasury shares are resold at prices that are higher than their cost of purchase;
- (c) stabilise the supply and demand of our shares traded on Bursa Securities and reduce the volatility of the prices of our shares. The stability of our share price is important to maintain investors' confidence and may also assist in facilitating future fund raising exercises via the equity market; and
- (d) allow us to transfer the shares held as treasury shares for the purpose of or under the ESS or any other employees' share scheme to be established by us without the necessity of appointing a trustee, thus, saving costs. It will also enhance our tax efficiency as the Purchased Shares qualifies us for certain tax deduction.

4.2 Potential disadvantages

The potential disadvantages of the Proposed Share Buy-Back are as follows:

- (a) may temporarily reduce our immediate financial resources;

- (b) may result in the Group foregoing better investment opportunities which may emerge in the future and/or any income that may be derived from other alternative uses of such funds such as deposits in interest bearing instruments;
- (c) may reduce the amount of resources available for distribution to you in the form of cash dividends as funds are utilised to purchase our own shares; and
- (d) our cash flow will be affected and gearing levels may increase should we decide to utilise bank borrowings to finance the Proposed Share Buy-Back.

Nevertheless, the Board is of the view that the Proposed Renewal of Share Buy-Back Authority is not expected to have any potential material disadvantage to you as it will be implemented only after in-depth consideration of the financial resources of our Company and the resultant impact to you. The Board will be mindful of both the Board and your interests and will be prudent with respect to the above exercise.

5. EFFECTS OF THE PROPOSED SHARE BUY-BACK

Assuming the Proposed Share Buy-Back is implemented in full, its effect on our share capital, earnings, NA, working capital, gearing and shareholding structure of our Directors and substantial shareholders are set out below:

5.1 Total Number of Issued Shares

The effect of the Proposed Share Buy-Back on the Company's issued share capital and total number of issued shares will depend on whether the Purchased Shares are retained as treasury shares or cancelled.

If the Purchased Shares are retained as treasury shares, the Proposed Share Buy-Back will not affect the Company's issued share capital but the rights attaching to them as to voting, dividends and participation in other distributions or otherwise, of the Company's assets including any distribution of assets upon winding up of the Company will be suspended. The treasury shares will not be taken into account in calculating the number or percentage of shares, or of a class of shares in the Company for any purpose including substantial shareholdings, take-overs, notices, requisitioning of meetings, quorum for a meeting and result of a vote on a resolution at a meeting.

For illustration purposes, based on the total number of issued shares as at the LPD, and assuming the maximum number of shares (of up to three percent (3%) of the total number of issued shares) under the Proposed Share Buy-Back is purchased and such Purchased Shares are cancelled, the effect of the Proposed Share Buy-Back on the total number of issued shares of the Company will be as follows:

	<u>No. of Shares</u>	<u>%</u>
Total number of issued shares as at LPD	3,014,184,844	100
<i>Less:</i>		
Maximum number of shares that may be purchased and cancelled pursuant to the Proposed Share Buy-Back (inclusive of 5,388,800 shares that have been purchased and retained as treasury shares)	<u>(90,425,545)</u>	<u>3</u>
After the Proposed Share Buy-Back	<u>2,923,759,299</u>	<u>97</u>

5.2 Earnings and EPS

The effects of the Proposed Share Buy-Back on the earnings and EPS of our Company will depend on, inter alia, the number of Purchased Shares, the purchase price of such shares, the effective funding cost to our Company to finance the Purchased Shares or any loss in interest income to our Company and the proposed treatment of the Purchased Shares.

5.3 NA and NA per Share

Our consolidated NA may increase or decrease depending on the number of shares purchased, the purchase prices of the Purchased Shares, the effective cost of funding and the treatment of the Purchased Shares. The Proposed Share Buy-Back will reduce the NA per share when the purchase price exceeds the NA per share at the time of purchase. On the contrary, the NA per share will increase when the purchase price is less than the NA per share at the time of purchase.

5.4 Gearing

Assuming that the treasury shares are being retained by the Company and no borrowing is being used to fund any purchase of the Purchased Shares, the Proposed Share Buy-Back may increase the gearing of the Group as the Purchased Shares will reduce the equity by the cost of shares acquired and held as treasury shares.

The Proposed Share Buy-Back may further increase the gearing of our Company if borrowing is used to fund any purchase of the Purchased Shares. However, at this juncture, we have not determined whether to use any borrowing to purchase any shares under the Proposed Share Buy-Back.

5.5 Substantial Shareholders' and Directors' shareholdings

5.5.1 Substantial Shareholders' shareholdings

For illustration purposes, the proforma effect of the Proposed Share Buy-Back on the shareholdings of the substantial shareholders of the Company based on the Register of Substantial Shareholders as at the LPD is set out below:

- (3) Deemed interested by virtue of Section 8(4) of the Act (shareholdings held through ANZ Funds Pty Limited).
- (4) Calculated based on 3,008,796,044 shares (which exclude 5,388,800 shares that have been purchased and retained as treasury shares as at LPD)

5.5.2 Directors' shareholdings

For illustration purposes, the proforma effect of the Proposed Share Buy-Back on the shareholdings of the Directors of the Company based on the Register of Directors' Shareholdings as at the LPD is set out below:

	As at LPD				After the Proposed Share Buy-Back ⁽¹⁾			
	Direct		Indirect		Direct		Indirect

- (2) Deemed interested by virtue of Section 8(4) of the Act (shareholdings held through Amcorp Group Berhad).
- (3) Calculated based on 3,008,796,044 shares (which exclude 5,388,800 shares that have been purchased and retained as treasury shares as at LPD)

5.6 Working Capital

The Proposed Share Buy-Back, as and when implemented, will reduce the working capital and cash flow of the Company, the quantum of which will depend on the purchase price of the shares and the number of shares purchased.

For Purchased Shares which are so kept as treasury shares, upon their resale, the working capital and cash flow of the Company will increase upon receipt of the proceeds of the resale. The quantum of such increase will depend on the actual selling price of the treasury shares and the number of treasury shares resold.

5.7 Dividend

The Proposed Share Buy-Back is not expected to have any impact on the dividend policy of the Company nor on the Board in recommending dividends to shareholders. However, as stated in Section 2.2 above, the Board may distribute future dividends in the form of the treasury shares purchased pursuant to the Proposed Share Buy-Back.

6. SHARE PRICES

The monthly high and low share price of the Company as traded on Bursa Securities for the past twelve (12) months from July 2019 to June 2020 are as follows:

Dear Sir / Madam,

PROPOSED SHAREHOLDER MANDATE

1. INTRODUCTION

On 4 June 2020, the Company announced its intention to seek the approval of its shareholders for the Proposed Renewal of Shareholder Mandate for Recurrent Related Party Transactions of a Revenue or Trading Nature at the 29th AGM of the Company.

The purpose of this Circular is to provide you with the relevant information on the Proposed Shareholder Mandate as well as to set out the recommendation of the Board and to seek your approval for the resolution to be tabled at the 29th AGM of the Company to be held on 27 August 2020. The extract of the Notice of the 29th AGM that relates to the Proposed Shareholder Mandate is set out in Appendix I.

YOU ARE ADVISED TO READ AND CONSIDER CAREFULLY THE CONTENTS OF THIS CIRCULAR BEFORE VOTING ON THE RESOLUTION PERTAINING TO THE PROPOSED SHAREHOLDER MANDATE.

2. PROPOSED SHAREHOLDER MANDATE

AMMB had, at the Twenty-Eighth (28th) AGM held on 31 July 2019, obtained a mandate from its shareholders (the ESM) to enter into recurrent related party transactions of a revenue or trading nature, which are necessary for the day-to-day operations in the ordinary course of business of the Group.

In accordance with paragraph 3.1.4 of Practice Note 12 of the Listing Requirements, the ESM is subject to annual renewal and, unless renewed by the Company's shareholders at a general meeting, will lapse at the conclusion of the forthcoming 29th AGM of the Company to be held on 27 August 2020.

Pursuant to paragraph 10.09(2) of the Listing Requirements, a listed issuer may seek a shareholder mandate in respect of Recurrent Related Party Transactions which are necessary for the day-to-day operations of the listed issuer and its subsidiaries, subject to the following:

- (a) the transactions are in the ordinary course of business and are on terms not more favourable to the related party than those generally available to and/or from the public;
- (b) the shareholder mandate is subject to annual renewal and disclosure is made in the annual report in respect of the aggregate value of transactions conducted pursuant to the shareholder mandate during the financial year;
- (c) in a meeting to obtain shareholder mandate, the interested Director, interested Major Shareholder or person connected to such interested Director or Major Shareholder, and where it involves the interest of an interested person connected with a Director or Major Shareholder, such Director or Major Shareholder, must not vote on the resolution approving the transactions. An interested Director or interested Major Shareholder must ensure that persons connected with them abstain from voting on the resolution approving the transactions; and
- (d) immediately announce to Bursa Securities when the actual value of a Recurrent Related Party Transaction entered into exceeds the estimated value of the Recurrent Related Party Transaction disclosed in the circular to shareholders by 10% or more and must include such information as may be prescribed by Bursa Securities in its announcement.

The AMMB Group, in the ordinary course of business, has entered or could enter into Recurrent Related Party Transactions which are detailed in Section 2.2.1 of this Circular. The Board anticipates that such transactions could continue to occur with some degree of frequency and may arise at any point in time.

In view of the forthcoming expiry of the ESM, and the frequent nature of such Recurrent Related Party Transactions, AMMB is seeking the approval of shareholders for the Proposed Shareholder Mandate in order for the AMMB Group to enter into the Recurrent Related Party Transactions as set out in Section 2.2.1 below.

The Proposed Shareholder Mandate will, if approved by the shareholders at the forthcoming AGM, be subject to annual renewal. Any authority conferred by shareholders in respect of the Proposed Shareholder Mandate shall only be in force until:

- (a) the conclusion of the next AGM of the Company, at which time the said authority will lapse unless the authority is renewed by a resolution passed at a general meeting of the Company; or

- (b) the expiration of the period within which the next AGM of the Company is required to be held pursuant to Section 340(2) of the Act (but shall not extend to such extension as may be allowed pursuant to Section 340(4) of the Act); or
- (c) revoked or varied by resolution passed by the shareholders in a general meeting before the next AGM,

whichever is the earlier.

2.1 Classes of Related Parties

Shareholders' approval is sought for the Proposed Shareholder Mandate in respect of the Recurrent Related Party Transactions which are necessary for the AMMB Group's day-to-day operations and carried out by companies within the AMMB Group with Amcorp (a Major Shareholder of AMMB) and persons connected to Amcorp ("**Amcorp RRPT Group**") as detailed in Appendix II.

Further details of the Existing Mandate is set out in section 2.2.1 below.

2.2 Nature of Recurrent Related Party Transactions

The principal activity of the Company is that of an investment holding company. Its subsidiaries provide a wide range of financial services comprising investment banking, commercial banking and related financial services which include Islamic banking business, underwriting of general insurance, family takaful, stock and share-broking, futures broking, investment advisory, real estate investment trust management, asset management and unit trust management.

It is anticipated that AMMB and/or its subsidiaries would, in the ordinary course of business, enter into transactions of a revenue or trading nature with the applicable Related Parties.

All estimated values of the respective Recurrent Related Party Transactions from the forthcoming AGM to the next AGM are estimated with reasonable effort made in ascertaining their accuracy based on various factors involved in the transactions.

2.2.1 The Related Parties and the nature of the Recurrent Related Party Transactions under the Proposed Shareholder Mandate

The Related Parties and the nature of the Recurrent Related Party Transactions under the Proposed Shareholder Mandate are as follows:

Related Party	Party With Whom the Transaction Will Be Carried Out	Nature of Transactions	Existing Mandate		Estimated Value from Date Of Forthcoming AGM to the Next AGM (RM' 000)	Interested Directors/ Major Shareholders/ Person Connected to Them
			Estimated Value As Disclosed In Preceding Year Circular Dated 28 June 2019 (RM'000)	Actual Value Transacted Since Last AGM till LPD (RM'000)

2.2.2 Previous Mandate Obtained But Renewal Will Not Be Sought

Related Party	Party With Whom the Transaction Will Be Carried Out	Nature of Transactions	Existing Mandate	
			Estimated Value As Disclosed In Preceding Year Circular Dated 28 June 2019 (RM'000)	Actual Value Transacted Since Last AGM till LPD (RM'000)
ANZ Group	AMMB Group	• Provision of technical services and business collaboration ^(Note 1)	1,000	-

Note

1. *This relates to the technical services arrangements with ANZ for provision of services relating to:*
 - *retail, business and other banking and financial services, and the operations of a banking business. It consists primarily of project based services, provision of staff (other than senior management staff) and training and knowledge transfer services*
 - *collaboration under business principles agreement, covering customer referral, products and services sourcing, and joint deals*

2.3 Amount Due From and Owing to Related Parties under Recurrent Related Party Transactions

As at the LPD, there was no outstanding amount due from or owing to the Related Parties under the Existing Mandate which has exceeded the credit term.

2.4 Guidelines and Review Procedures for the Recurrent Related Party Transactions

AMMB and its subsidiary companies have internal control systems to ensure that transactions entered into with Related Party(ies) are undertaken at arm's length, on normal commercial terms which are not more favourable to the Related Party(ies) than those generally available to the public and are not detrimental to the interests of minority shareholders. Transactions entered into will be at prevailing market prices and will take into consideration, *inter-alia*, pricing, quality of the products and services, track record, experience and financial position of the supplier or vendor, speed of delivery, quality of after-sales support service and maintenance, and certification.

AMMB and its subsidiary companies have also implemented procedures to ensure proper identification and reporting of Recurrent Related Party Transactions.

The internal audit function of the AMMB Group will conduct periodic reviews of the system of controls in place to ensure that Recurrent Related Party Transactions are identified and reported, and to determine whether internal guidelines and procedures have been complied with (including those to ensure that transactions are at arm's length).

The results of the internal audit reviews will be tabled for the review of the respective Audit and Examination Committees of AMMB and its subsidiary companies. The Audit and Examination Committee will review these reports to determine whether established guidelines and procedures have been adhered to and if there is a need for further review or to improve the procedures.

Where any Director has an interest (direct or indirect) in any Recurrent Related Party Transaction, such Director (or his alternate, where applicable) shall abstain from deliberation and voting on any decision to be taken by the Board in respect of such Recurrent Related Party Transaction, if any. Where any member of the Audit and Examination Committee is interested in any Recurrent Related Party Transaction, that member shall abstain from deliberation and voting on any decision to be taken by the Audit and Examination Committee with respect to such transaction.

At least two (2) other contemporaneous transactions with unrelated third parties for similar products/services and/or quantities will be used as comparison, wherever possible, to determine whether the price and terms offered to or/by the Related Parties are fair and reasonable and comparable to those offered to or/by the public for the same or substantially similar type of products/services and/or quantities.

In the event that quotation or comparative pricing from unrelated third parties cannot be obtained (for instance, if there are no unrelated third party vendors/customers of similar products or services, or if the product/service is a proprietary item), management will ensure the Recurrent Related Party Transaction will only be entered into with the Related Party(ies) after taking into account the pricing, level of services, quality of products and other related factors to ensure that the Recurrent Related Party Transaction is not detrimental to the AMMB Group. There is no specific threshold for approval of Recurrent Related Party Transactions within the AMMB Group.

2.5 Audit and Examination Committee Statement

AMMB Group has put in place adequate procedures and processes for monitoring, tracking and identifying Recurrent Related Party Transaction in a timely and orderly manner, and the adequacy and appropriateness of procedures and processes are reviewed on a periodic basis or whenever the need arises.

The Audit and Examination Committee of the Company has seen and reviewed the guidelines and procedures mentioned in Section 2.4 above and are satisfied that the guidelines and procedures are adequate to ensure that the Recurrent Related Party Transactions are/will be:

- (a) on terms not more favourable to a Related Party than those generally available to the public;
- (b) not to the detriment of the minority shareholders; and
- (c) at arm's length and on normal commercial terms having taken into account, *inter-alia*, pricing, quality of the products and services, track record, experience and financial position of the supplier or vendor, speed of delivery, quality of after-sales support service and maintenance, and certification.

2.6 Rationale for the Proposed Shareholder Mandate

The rationale for and benefits of the Proposed Shareholder Mandate detailed in Section 2.2 above are as follows:

- (a) the Proposed Shareholder Mandate will facilitate transactions with Related Parties in the ordinary course of business of the AMMB Group which are undertaken at arms' length, on normal commercial terms no more favourable to the Related Parties than those generally available to the public, and are not, in the Company's opinion, detrimental to minority shareholders;
- (b) the Proposed Shareholder Mandate are intended to enhance the Group's ability to pursue business opportunities, especially those which are time-sensitive in nature, and will eliminate the need for the Company to convene a separate general meeting on each occasion to seek shareholders' prior approval for such Recurrent Related Party Transactions; and
- (c) the granting of the Proposed Shareholder Mandate will substantially reduce the expenses associated with convening general meetings on an ad-hoc basis, avoid undue inconvenience to shareholders, improve administrative efficiency and allow human resources and time to be channelled towards attaining corporate objectives.

In addition, TSAH and Soo Kim Wai shall abstain from voting on the Proposed Shareholder Mandate, in respect of TSAH's indirect shareholding in AMMB and Soo Kim Wai's deemed interest in AMMB, at the forthcoming AGM.
