Explanatory Notes

A1. Basis of Preparation

The interim financial statements have been prepared in accordance with Financial Reporting Standards ("FRS") 134 Interim Financial Reporting issued by Malaysian Accounting Standards Board ("MASB") and should be read in conjunction with the Annual Financial Statements for the year ended 31 March 2006.

The accounting policies and methods of computation applied in the unaudited condensed interim financial statements are consistent with those adopted in the previous audited annual financial statements except for the adoption of the new and revised FRS issued by MASB that are effective for the Bank's first FRS annual reporting date, 31 March 2007. The adoption of the new and revised FRS have resulted in changes in the accounting policies of the Bank and are disclosed in Note A25.

The specific and general allowances for loans, advances and financing of the Bank are computed based on BNM's guidelines on the "Classification of Non-Performing Loans and Provisions for Substandard, Bad and Doubtful Debts" ("BNM/GP3") requirements. No values are assigned to property collaterals for corporate and retail loans which are in arrears for more than seven years and nine years, respectively, although the realisable values based on independent valuers are available.

A2. Audit Qualification

The auditors' report on the audited annual financial statements for the financial year 31 March 2006 was not qualified.

A3. Seasonality or Cyclicality of Operations

The operations of the Bank are not materially affected by any seasonal or cyclical fluctuation in the current financial quarter.

A4. Unusual Items

There were no unusual items during the current financial quarter.

A5. Use of Estimates

There was no material change in estimates of amounts reported in the prior financial years that have a material effect on the financial quarter ended 30 June 2006.

A6. Issuance, Cancellation, Repurchase, Resale and Repayment of Debt and Equity Securities

During the financial period ended 30 June 2006, the issued and paid-up share capital of the Bank was increased from 153,038,000 ordinary shares of RM1.00 each to 403,038,000 ordinary shares due to the issuance of 250,000,000 shares of RM1.00 issued at RM3.14 per share, as consideration for the vesting of AmBank (M) Berhad's Islamic banking assets and liabilities to the Bank.

There were no share buy-backs, share cancellations nor shares held as treasury shares by the Bank during the financial period.
