AmInvestment Bank Group launches its latest capital protected fund, AmTriple 30 - Capital Protected
AmInvestment Bank Group's Funds Management Division yesterday successfully launched its latest weather volatile capital protected fund, AmTriple 30 - Capital Protected.

It is a close-ended fund linked to the best performance chosen from three dynamic indices. It seeks to achieve its objective by investing mainly in three-year Ringgit denominated zero coupon negotiable instruments of deposit (ZNIDs) from financial institutions and/or other short to medium term fixed income instruments, to ensure 100% of investors' capital is paid back at the end of the maturity period.

The Fund aims to generate potential capital appreciation at maturity and seeks to achieve this by investing up to 10% of the fund in an option which is linked to the best performing index chosen from three dynamic indices.

Each of the three dynamic indices provide diversified exposure to three main asset classes namely equity, commodity and money market. The three dynamic indices have different weightings of three UBS AG proprietary indices. At maturity, investors will expect to receive their principal and potential capital appreciation based on the best performing dynamic index.

"With the current uncertain market environment, we have designed AmTriple 30 - Capital Protected to protect your capital and potentially reap capital appreciation by tapping into the best performing index which comprises three major asset classes," said Mr. T.C. Kok, Managing Director of AmInvestment Bank Berhad at the launch.

The Fund is suitable for investors who are seeking potential capital appreciation on their investments and potentially higher returns from their investment over the short to medium term relative to fixed deposits. It is also for investors who want exposure to a portfolio which provides returns based on the best performing dynamic index.

AmTriple 30 - Capital Protected has an authorised fund size of 200 million units. The Fund is offered to the public at the price of RM1.00 per unit, during the offer period of 45 days, from 3 February to 19 March 2009. The minimum and subsequent investment amount is RM5,000.

This Fund is sold across different distribution channels. They are AmBank Branches, AmBank Wealth Advisers and our authorised Institutional Unit Trust Advisers (IUTAs) which include United Overseas Bank and Citibank.

About AmMutual

To date, there are 43 unit trust funds marketed under our retail brand, AmMutual and two exchange-traded funds under AmInvestment Bank Group. These funds include Malaysia's series of firsts in the unit trust industry, such as the first cash management trust, the first bond and equity exchange-traded fund, the first global Islamic equity fund, the first agribusiness fund as well as the first precious metals fund.

The total assets under the management of AmMutual funds, together with two exchange-traded funds and discretionary mandates, were RM16.3 billion as at 31 January 2009.
