AmInvest wins Malaysia's Best Pension Fund Manager and Institutional House for Third Consecutive Year

AmInvest has been honoured as Malaysia's 'Best Pension Fund Manager' and 'Best Institutional House' by Asia Asset Management at its 2015 Best of the Best Awards¹ held recently. The accolades have been given to AmInvest for 3 consecutive years now.

Asia Asset Management, a leading Asian financial publication based in Hong Kong, acknowledges the most outstanding players in the fund management business in Asia over the last 13 years.

"We work very hard to provide our investors consistent returns year in and year out, which is no easy task with today's market volatility. These acknowledgements for the third year in a row are a testament of our commitment to excellence, and the affirmation and trust of our clients and investors in our capabilities to grow their investments," said Datin Maznah Mahbob, Chief Executive Officer of AmInvest.

Malaysia's Best Pension Fund Manager award recognises AmInvest's capabilities and expertise in managing domestic pension mandates, including Private Retirement Scheme (PRS) funds, the size of these mandates, and returns generated against relevant benchmarks.¹

In the Best Institutional House award, asset managers were evaluated and acknowledged on several criteria, such as growth of market share, client retention initiatives, and new business secured. The award also recognises AmInvest's strong management team for these institutional mandates, future business plans, thought leadership, and investors' education programmes.¹

Currently, AmInvest has approximately RM36 billion assets under management (AUM).² It is one of the leading fund management houses in Malaysia and has an award-winning track record spanning more than three decades. AmInvest provides conventional and Shariah-compliant investment solutions comprising unit trust, wholesale funds, institutional mandates, exchange-traded funds, and PRS funds.

AmInvest is a PRS Provider approved by Securities Commission Malaysia managing nine PRS funds, comprising conventional and Shariah-compliant funds.² PRS Providers were selected on their expertise in investment and/or pension fund management, experience in global pension management, financial strength, governance structure and proposed business model.³
