### **AmInvest Triumphs as Malaysia's Insurance Fund House of the Year**

AmInvest won the "Insurance Fund House of the Year, Malaysia" award at the Institutional Asset Management Awards 2018 ("Awards") by InsuranceAsia News<sup>1</sup> held in Hong Kong recently.

The Awards recognises exceptional work done by third party asset managers on behalf of their insurance company clients.<sup>1</sup> The Insurance Fund House of the Year category commended AmInvest for its best practices, services and performance in managing its insurance clients' assets within the Malaysian market. During the year of review as at November 2017, the assets under management for AmInvest's insurance clients' institutional mandates grew around 14% over the year.

"Our investment team has worked hard to provide consistent returns for our clients' investments by maximising the best investment opportunities in dynamic market conditions over the long term. This coupled with our dedicated institutional sales team which has displayed outstanding teamwork and excellence in ensuring our insurance clients' needs and investment objectives are met, were instrumental in clinching this award. It is very gratifying to know hard work has translated into positive results, an acknowledgement that has been made even sweeter with this win," said Goh Wee Peng, Acting Chief Executive Officer of AmInvest.

"We have built long-standing relationships with our insurance clients', the longest of which is 29 years, which attests to their support and trust in our capabilities to manage their investments," Ms Goh added.
