## **AmInvest Sweeps Best Bond Group and Three Best Fund Awards at Refinitiv Lipper Awards**

AmInvest has taken home the Best Bond Group – Malaysia Pension (“Best Bond Group”) award at the Refinitiv Lipper Fund Awards 2020, Malaysia (“Refinitiv Lipper Awards”).<sup>1</sup> AmInvest’s AmDynamic<sup>#</sup> Bond clinched two best fund awards for its three-year and five-year performance in the Bond MYR – Malaysia Pension category,<sup>1</sup> and AmMalaysia Equity emerged as the best fund over three years under the Equity Malaysia – Malaysia Pension for the second year running.<sup>2</sup>

The annual Refinitiv Lipper Awards highlights funds and fund companies that have excelled in delivering consistently strong risk-adjusted performance relative to their peers for the year ended 31 December 2019.<sup>1</sup>

Commenting on the wins, Dato' Sulaiman Mohd Tahir, Group Chief Executive Officer of AmBank Group, said, “Being recognised as the Best Bond Group is a strong affirmation of our fund managers’ capabilities in executing investment strategies with timing precision. AmDynamic<sup>#</sup> Bond and AmMalaysia Equity’s outperformance is attributed to the flexibility of their investment strategy to dynamically switch between aggressive and defensive stances to capitalise on market conditions. These acknowledgements augur well for us particularly at a time heightened with uncertainty where investors are on the lookout for fund managers who can deliver consistent outperformance year after year.”

AmDynamic<sup>#</sup> Bond seeks to potentially optimise risk-adjusted returns for investors based on, amongst others, interest rate expectations, currency movements and diversification opportunities through its exposure to both local as well as foreign bonds. The fund employs an active management investment

strategy that seeks to increase returns by capitalising on market views and timing decisions, as opposed to a buy-and-hold strategy. Over the last three years, the fund registered a total return (a measure of the fund's performance comprising income distribution and capital gains) of around 23.8%, exceeding its benchmark returns of about 20.7%, by 3.1%.<sup>3</sup> The fund's five-year total returns of 36.5% surpassed its benchmark's returns of around 33.2%, by 3.3%.<sup>3</sup>

AmMalaysia Equity aims to provide long-term capital appreciation by investing in Malaysian equities. The fund invests in companies across a wide range of industries with above average growth potential. Its investment strategy allows the fund to quickly shift its focus between large, mid and small cap stocks enabling it to potentially outperform its benchmark in most market conditions. For a three-year period, the fund recorded an impressive three-year total return of about 34.9%, beating its benchmark's returns of around -1.3%, by 36.2%.<sup>4</sup>

Commenting on the market moving forward, Mr. Seohan Soo, Chief Executive Officer of AmInvestment Bank Berhad, added, "Notwithstanding the ongoing concerns regarding the Covid-19 pandemic and declining oil price, we are optimistic about the outlook of the bond market, which we believe will do well seeing that global interest rates are on a declining trend. The local market may be perturbed by Malaysia's weaker gross domestic product forecasts which may lead to pressure on its credit rating, and subsequent potential selling pressure by foreign funds. However, we see these risks being mitigated by strong local investors' support."

Both award-winning funds are unit trust funds eligible under the Employees Provident Fund Member's Investment Scheme ("EPF MIS"). EPF MIS allows EPF members to transfer a portion of their savings from their Account 1 for investments through appointed fund management institutions as an option to enhance their retirement savings.<sup>5</sup>
